

LSCM FY2009 Year in Review

The 2nd annual Library Services and Content Management (LSCM) Year in Review has been released. It emphasizes the major accomplishments of fiscal year 2009 for providing current and future access to U.S. Government publications. Further it highlights how LSCM works collaboratively and in partnership with various entities to advance discovery of and access to Government information. These activities are seen through the following four programs:

- 1)Federal Depository Library Program;
- 2)Cataloging & Indexing;
- 3)International Exchange Services; and
- 4)Legally mandated distribution to Members of Congress and Federal Agencies.

The 2009 LSCM Year in Review is available [electronically](#) on the FDLP Desktop and is also being distributed in paper format under:
